

Program Application – Hospital

The application must be reviewed and signed by the medical director of the endoscopy unit.

If applying for more than one unit, please provide this information for each unit on a duplicate form. This form is available for download at www.asge.org/quality/EURP.

Please check one: New Application Renewal Reinstatement Expiration date, if applicable _____

Name of Medical Director: _____

(Please print clearly)

Indicate any institutional affiliation of your endoscopy unit(s), if applicable.

If applying for multiple units regardless of affiliation, total number of endoscopy units under your supervision _____

For the purposes of the EUR Program units at separate physical addresses are considered separate units, regardless of institutional affiliation or ownership. Please complete an application for each individual unit seeking recognition and note the additional unit names below or on a separate page.

Indicate the organization from which the unit received accreditation. Proof of current accreditation is required.

Accrediting Organization: _____

Expiration Date: _____

Completion of the ASGE Quality Course, *Improving Quality and Safety in Your Endoscopy Unit*

To meet this program criterion, at least one unit representative must participate in the course within a year prior to a new application. Reapplicants should participate in the course prior to their renewal application due date. *Participation* can be via live event, streaming a live event, or taking an on-demand course.

Renewing Units Only: Renewing units can fulfill this criterion by attending either the course listed above or a *GI Endoscopy Unit Leadership* course.

ASGE Endoscopy Unit Recognition Program

Membership Verification

Name and membership status of endoscopists working in the unit

At least 50% of all endoscopists working in the unit must be ASGE members, with an “endoscopist working in the unit” defined as any physician, regardless of specialty, who performs 50 or more endoscopic procedures per year in the unit.

If the unit has endoscopists performing less than 50 endoscopic procedures in the unit annually, please note the following:

- The medical director of the unit must be a member of ASGE.
- While these endoscopists do not need to be listed immediately below, performance data on these endoscopists is still **required** to be submitted as part of the application’s Quality Policy Assessment.

(Please duplicate this form to list additional endoscopists in the same unit.)

For questions regarding membership status, please contact ASGE Customer Care at 630.573.0600.

ASGE Endoscopy Unit Recognition Program

Attestation of Guideline Adoption

The Medical Director of the endoscopy unit must attest to adopting the following seven ASGE clinical guidelines and the CDC guideline on infection control as unit policy. By signing this form, you attest that you understand the guidelines and have adopted them as unit policy. The ASGE guidelines are linked below and published online at www.asge.org.

Unit/Group Name: _____

ADOPTION OF ASGE GUIDELINES

The following guidelines are based on a critical, systematic review of the available data and expert consensus. They represent best practices around maintaining and ensuring that quality and safety are upheld in endoscopy units. The following guidelines can be found at <https://www.asge.org/home/guidelines>.

- Guidelines for safety in the gastrointestinal endoscopy unit
- Infection control during GI endoscopy
- Multisociety guideline on reprocessing flexible gastrointestinal endoscopes
- The management of antithrombotic agents for patients undergoing GI endoscopy
- Antibiotic prophylaxis for GI endoscopy
- Sedation and anesthesia in GI endoscopy
- Guidelines for privileging, credentialing, and proctoring to perform GI endoscopy

I certify that I understand the above seven ASGE guidelines and that our unit has adopted these seven guidelines as unit policies and will adopt any revised versions of them.

Name of Medical Director	Medical Director Signature	Date
---------------------------------	-----------------------------------	-------------

ADOPTION OF CDC GUIDELINE FOR ISOLATION PRECAUTIONS

The CDC "[Guideline for Isolation Precautions: Preventing Transmission of Infectious Agents in Healthcare Settings 2007](#)" is intended for use by healthcare providers responsible for developing, implementing and evaluating infection control programs for healthcare settings across the continuum of care.

I certify that I understand the CDC "Guideline for Isolation Precautions of 2007" and that the unit has adopted the CDC guideline as unit policy and will adopt any revised versions of this guideline.

Quality Policy Assessment

For sample materials to assist you in completing the Quality Policy Assessment components of the application, please visit the [EURP web page](#). Your materials do not need to mirror these samples; however, many have found them useful.

Part A

Demonstrate that unit policies have been developed and adopted for continuous or intermittent assessment of the following Quality Measures, with associated performance targets for selected measures, by attaching copies of policies with dates of approval/adoption to this application. **Please submit only the policies related to the following, labeling documents submitted along with this application as indicated below. Please do not staple application materials.**

1. **Procedure Quality Monitoring** during endoscopic procedures, employing standardized criteria (**labeled as Attachment A.1.**)
2. **Adverse event tracking**, by major classes and severity, for the unit as a whole (**labeled as Attachment A.2.**)
3. **Use of Patient Satisfaction surveys** by the unit as a whole (**labeled as Attachment A.2.**)

All EURP recognized units must administer a patient satisfaction survey. The policy should note the method by which your unit's patient satisfaction survey is administered. Please submit a blank copy of the survey tool currently in use.

Part B

Submit one cycle of data pertaining to the measures listed on Page 6 of the application.

- **In aggregate:** Report the aggregate data for all screening colonoscopy on Page 6.
- **By individual endoscopist:** Attach a supplemental document listing the performance by endoscopist on at least three endoscopic procedure quality metrics listed on Page 6. Appendix A of this application (Page 11) includes a form or suggested format. *Please de-identify the physicians, using unique identifiers (e.g., MD1).*
- In cases of suboptimal performance, if applicable, demonstrate that improvement/remediation plans have been formulated.

Remediation plans ideally include educational plan, time period anticipated for physician/staff education, details of other interventions, goal sample size, estimated time period to reach sample size, and estimated date of completion.

The data provided is confidential, considered Quality Assurance data and inadmissible. Please retain underlying data for possible future use/audit.

1. For what type of endoscopy unit is the award being sought? (Please select one.)
 - Hospital-based **Only hospital-based units with \leq 5% of colonoscopy volume being CRC screening procedures may apply to the program via this application.**
2. How many of the following procedures did your unit do in the last year, and how many physicians perform each procedure type?

Colonoscopy _____ procedures, performed by _____ endoscopists

EGD _____ procedures, performed by _____ endoscopists

EUS _____ procedures, performed by _____ endoscopists

ERCP _____ procedures, performed by _____ endoscopists

ASGE Endoscopy Unit Recognition Program

Quality Policy Assessment *continued*

3. **In aggregate:** Enter aggregate results below for the unit in the past year based on annual numbers.

Adenoma detection rate for unit in Screened patients \geq 50 Years Old

Numerator = Number of patients with adenomas detected = _____

Denominator = Number of patients screened = _____ (____%)

*If the adenoma detection rate for the entire unit is not \geq 25%, then please provide a brief discussion and improvement/remediation plan labeled **Attachment B.3.***

Adverse events for unit as a whole (All procedures and types)

(Number / overall procedure Number): ____ / ____ (____ %)

How many adverse events of each variety were experienced within the past year?

Deaths attributable to a procedure	
Unplanned admissions within 14 days	
Unplanned anesthesia calls to intubate or use of reversal agents (during planned moderate sedation)	
Perforations	
Bleeds requiring transfusion	
Cardiopulmonary events attributable to a procedure	
Post ERCP Pancreatitis	

What practices does your unit use to identify adverse events? (Please check all that apply.)

- Intra-procedure and post-procedure complications recorded during visit
- Change in-patient status - requirement for hospital admission
- 24-48-hour call back
- Delayed callback (> one week) post procedure
- Other, explain:

4. **By individual endoscopist:** Attach a supplemental document listing the performance by endoscopist on **at least three** endoscopic procedure quality metrics listed on Page 7. (See Appendix A on Page 11 for a form or recommended format for submitting individual physician data.)

Is the data per endoscopist being submitted for the whole year or otherwise?

- Year Other, please specify (e.g., one quarter) _____

Please help us understand the unit's workflow relative to data collection.

- Manual Chart Review EHR-supported performance monitoring Registry-supported monitoring (e.g., GIQuIC)
- Other, please provide a supplement labeled **Attachment B.4.** explaining the unit's data collection workflow.

Quality Policy Assessment *continued*

Endoscopic procedure quality metrics

Please submit data on at least **three** of the following metrics by endoscopist. The unit may choose which three. They may be across procedures or for one procedure.

Colonoscopy

a. Frequency with which post-polypectomy bleeding is managed without surgery

*If performance on this metric for the entire unit and for each endoscopist is not $\geq 90\%$, then please provide a brief discussion and improvement/remediation plan labeled **Attachment 4.a**.*

EGD

b. Frequency with which plans to test for Helicobacter pylori infection are documented for patients diagnosed with gastric or duodenal ulcers

*If performance on this metric for the entire unit and for each endoscopist is not $> 98\%$, then please provide a brief discussion and improvement/remediation plan labeled **Attachment 4.b**.*

c. Frequency with which appropriate prophylactic antibiotics are given before placement of a PEG tube [AND] Frequency with which appropriate prophylactic antibiotics are given in patients with cirrhosis with acute upper GI bleeding who undergo EGD

*If performance on this metric for the entire unit and for each endoscopist is not $> 98\%$, then please provide a brief discussion and improvement/remediation plan labeled **Attachment 4.c**.*

d. Frequency with which a complete examination of the esophagus, stomach, and duodenum, including retroflexion in the stomach, is conducted and documented

*If performance on this metric for the entire unit and for each endoscopist is not $> 98\%$, then please provide a brief discussion and improvement/remediation plan labeled **Attachment 4.d**.*

ERCP

e. Rate of deep cannulation of the ducts of interest in patients with native papillae without surgically altered anatomy

*If performance on this metric for the entire unit and for each endoscopist is not $> 90\%$, then please provide a brief discussion and improvement/remediation plan labeled **Attachment 4.e**.*

f. Success rate of extraction of common bile duct stones < 1 cm in patients with normal bile duct anatomy

*If performance on this metric for the entire unit and for each endoscopist is not $\geq 90\%$, then please provide a brief discussion and improvement/remediation plan labeled **Attachment 4.f**.*

g. Success rate for stent placement for biliary obstruction for patients with biliary obstruction below the bifurcation in patients with normal anatomy

*If performance on this metric for the entire unit and for each endoscopist is not $\geq 90\%$, then please provide a brief discussion and improvement/remediation plan labeled **Attachment 4.g**.*

Quality Improvement Project Summary

Submit as an attachment [labeled **Attachment QI**] to this application a summary (200-300 words) of a **clinical** quality improvement project completed in your unit. Please use the **Define-Measure-Analyze-Improve-Control** format to present your project, the related outcomes and future goals. The following questions are provided as guidance; they do not need to be answered individually. **The summary provided is confidential, considered Quality Assurance data and inadmissible.**

Define your project

- What is/was the gap in quality of care?
- What were the project goals or anticipated changes you sought to achieve?

Measure your project

- What were the performance measures of interest?
- How was the data acquired? Was it easily accessible?
- What was the baseline performance? (measurement before intervention)
- What were the targets for performance?

Analyze your project

- What local or higher-level factors contribute to defects, gaps, or variance?
- Which factors does the project address?
- What quality improvement methods and tools were utilized? (e.g., run charts, control charts, reports showing changes over time, PDSA, Lean Six Sigma)

Improve your performance

- What intervention did you pilot or implement?
- What did repeat measurement of performance measures show?

Control summary

- What were the outcomes of the project?
- Did you achieve the project goals? If not, what did you learn? What barriers did you encounter?
- Are there any limitations to the findings? Are there additional benefits?
- Were financial benefits or cost savings realized? If so, explain.
- How will the findings be communicated?
- Are the improvements sustainable?
- Can the intervention be disseminated to the other sites as a best practice?

ASGE Endoscopy Unit Recognition Program

Application Fees and Payment Information

Application Fees

Discounts to the program apply for units meeting either or both of the following conditions. Please see the fee table below.

- A. All endoscopists in the unit are members of ASGE.
At least 50% of unit endoscopists must be ASGE members to apply to the program.
- B. The unit participates in the GIQuIC registry. (To learn more about GIQuIC visit the [GIQuIC web site](#).)

	EURP Only		EURP + GIQuIC	
	Primary or Single Unit	Additional Units	Primary or Single Unit	Additional Units
≥ 50% Membership	\$950	\$475	\$800	\$400
100% Membership	\$700	\$350	\$550	\$275

Your program application will not be processed until the application fee is received. Units will have one year from the time the application fee is paid to meet all requirements. The application fee is nonrefundable.

Application Checklist

Be sure to submit these completed materials!

Please do not staple or bind materials.

- Program application form
- Proof of successful and current accreditation by a recognized accrediting body (e.g., AAAHC, AAAASF, The Joint Commission, or DNV)
- Membership Verification form
- Attestation of Guideline Adoption form
- Attestation of Competency form
- Quality Policy Assessment forms along with attachments
Please note all attachments must be labeled as instructed.
- Quality Improvement Project Summary [labeled Attachment QI]
Please note only a summary is required for submission. Complete project documentation will be returned for summarization.
- New member application(s) (Visit www.asge.org to apply today and save.)
- Application fees

Questions regarding your application, the program or group membership?

**Please contact ASGE by phone at 630.573.0600
or via email at eurp@asge.org.**

Appendix A

It is suggested the unit use the following format for submitting individual physician data. You may use a modified version of this table to reflect only the quality metrics the unit is choosing to report. The unit must report on **at least three** endoscopic quality metrics. Data may be submitted in other formats, such as GIQuIC reports. Please de-identify the physicians, using unique identifiers such as MD1, MD2, etc.

Unit must report on at least three endoscopic quality metrics.										
	Colonoscopy		EGD				ERCP
