

COURSE DESCRIPTION

Is your practice getting what it deserves in reimbursement for its GI services? Accuracy and efficiency in your coding and billing process will ensure that you are getting reimbursed appropriately for the services your facility provides. ASGE's auditing and documentation course will immediately provide you with the resources and tools to identify opportunities and threats to your practice's revenue potential due to the quality and accuracy of your coding, provider documentation, and compliance of coding and billing regulations. This course will teach participants how to create internal processes to minimize denials, pass external audits and build a high-performing and knowledgeable team, from the physician to the coder, focused on your practice receiving the reimbursement it deserves.

LEARNING OBJECTIVES

- Upon completion of this educational activity, participants will be able to:
- Describe the documentation requirements for Evaluation and Management codes
 - Increase revenue by submitting clean and accurate claims
 - Ensure proper documentation of all procedures while coding correctly
 - Safeguard your practice from inspection by auditors
 - Increase overall revenue base through correct charge capture
 - Code with ICD-10 specificity to ensure prompt payment and Risk Adjustments
 - Educate your providers on proper documentation to minimize claim denials and mitigate your denial management process
 - Prepare for various types of audits, both internal and external by using a step-by-step auditing process
 - Use processes learned to improve internal quality controls for compliance and efficiencies

TARGETED AUDIENCE

Practicing gastrointestinal endoscopists, non-physician practitioners, coding and billing professionals, clinical staff, practice managers and practice professionals involved with business management, code assignment, claims processing, pre-authorization and appointment scheduling.

This course qualifies for ASGE's Recognition of Excellence in GI Practice Management Program (PRP).
