Colonoscopy: Diagnostic to Therapeutic

► WHY YOU SHOULD PARTICIPATE

The course features an outstanding faculty of master endoscopists and educators in colonoscopy who will help all participants improve their colonoscopy knowledge and performance. Learning will be facilitated through didactic lectures, video demonstrations, and hands-on-training at the state-of-the-art ASGE Institute for Training and Technology. Participants will learn how to perform safer, higher quality and more efficient colonoscopies including mucosal inspection, chromoendoscopy, adenoma detection, hot and cold snare polypectomy, endoscopic mucosal resection, mucosal defect closure, endoscopic dilation of colonic strictures, colonic stent placement, control of bleeding, and management of hemorrhoids. Emphasis will be placed on prevention and management of adverse events.

► WHO SHOULD ATTEND?

Practicing gastrointestinal endoscopists, surgeons, and clinical members of their endoscopy teams who perform colonoscopy.

► WHAT YOU WILL LEARN

Upon completion of this educational activity, participants will be able to:

- Resect large, flat adenomas safely using a variety of tools and techniques including submucosal injection, caps, piecemeal and en bloc resection.
- Increase adenoma detection rates through use of image enhancement, chromoendoscopy, caps, and other technologies
- Remove smaller polyps with either hot or cold snare polypectomy
- Manage post-operative and IBD related structures with through the scope balloons
- Review the role of stents for colonic malignancy
- Identify and manage colonoscopic and post polypectomy complications
- Utilize new techniques for treatment of hemorrhoids

Photography Waiver: ASGE periodically takes photographs and/or video during our educational courses and events, and reproduces them in ASGE educational, news or promotional material, whether in print, electronic or other media, including the ASGE website. By participating in this course, you grant the right to use your name and photograph for such purposes to ASGE. All postings become the property of ASGE.
