2019 ASGE ANNUAL POSTGRADUATE COURSE

Best Practices and Emerging Paradigms

Held in conjunction with

The ASGE Annual Postgraduate Course at DDW 2019 is an interactive, evidence-based learning opportunity, presented by renowned GI thought leaders. As a course participant, you will learn well-established, practical best practices along with new and innovative approaches to everyday endoscopic challenges.

Dear ASGE Colleague:

ASGE's Annual Postgraduate Course at DDW® is known worldwide for its renowned faculty and dynamic and highly commended case-based presentations. This year's program, "Best Practices and Emerging Paradigms," continues the course's tradition of providing current, practical information on the latest advances in endoscopy in an efficient, interactive format. Integrating evidence-based, state-of-the-art lectures and expert opinion from thought leaders on the most pressing questions in the field of endoscopy, this course will include ample video cases, expert panels and plenty of time for questions from the audience, all focused on the evolving trends in endoscopic oncology.

The 2019 course will be held Sunday afternoon and Monday morning, May 19-20. You can choose to attend the entire course over both days or in half-day intervals to suit your interests and schedule.

Course highlights include:

- **State-of-the-art, evidence-based lectures and video cases** on diverse topics including, but not limited to, detection and eradication of dysplastic Barrett's, endoscopic therapy for ampullary and duodenal adenomas, acute upper GI bleeding, missed colorectal cancer, endoscopic closure techniques, endoscopic bariatric therapies, pancreatic cysts, familial pancreatic cancer, ERCP Cannulation, EUS biliary access techniques, chromoendoscopy, update on endoscope reprocessing, and more
- **Expert approaches to endoscopic problems** providing management tips and tricks for a variety of GI diseases
- **Collaborative learning** through video-based case discussions
- **Methodologies for recognizing and minimizing** adverse events and new management options
- **Earn AMA PRA Category 1 Credit™ and ABIM MOC Points**
- **Option to register** for each half-day separately or register for the full course at a discount

ASGE is also offering several Hands-On Workshops at DDW, providing participants an opportunity to interact with expert faculty as they demonstrate cutting-edge techniques. For more information about the various ASGE activities at DDW, visit www.asge.org/DDW. To register for the ASGE Annual Postgraduate Course and the ASGE Hands-On Workshops, visit www.DDW.org. Early registration discounts end April 3, so register now and save.

We look forward to seeing you in San Diego!

WHY YOU SHOULD PARTICIPATE

The ASGE Annual Postgraduate Course, held in conjunction with DDW 2019, returns to beautiful San Diego. We are excited to bring together experts from across the globe to present evidence-based and outcomes-driven endoscopic management of gastrointestinal and related disorders. This will include discussions on tools and techniques, tips and tricks to achieve your own optimal outcomes for everyday as well as advanced diagnostic and therapeutic endoscopy. We will present innovations in endoscopy that have led to paradigm shifts in disease management and practical approaches to incorporate them into your practice. The broad spectrum of gastrointestinal endoscopy including colonoscopy, endoscopic resection techniques, enhanced imaging, Barrett's eradication, pancreaticobiliary endoscopy and obesity management will be covered. We will integrate didactic lectures, case-based discussion, video-cases, and panel discussions with audience participation to optimize the learning experience.

WHAT YOU WILL LEARN

Upon completion of this educational activity, participants will be able to:

- Apply new endoscopic techniques to common disease states that enhance patient outcomes.
- Determine the best approach to the management of complex endoscopic challenges.
- Integrate current quality standards into everyday clinical practice.
- Combine emerging technology with established endoscopic tools to optimize clinical results.

WHO SHOULD ATTEND

This course is ideal for international and U.S.-based participants, including practicing gastroenterologists, surgical endoscopists, gastroenterology trainees, endoscopy nurses and technicians.

CONTINUING MEDICAL EDUCATION

The American Society for Gastrointestinal Endoscopy (ASGE) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. ASGE designates this live activity for a maximum of 9.25 AMA PRA Category 1 Credits™.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

MAINTENANCE OF CERTIFICATION

Successful completion of this CME activity enables the participant to earn up to 9.25 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.
