

Reimbursement 101: The Basics About the Presenter

Glenn D. Littenberg, MD, MACP, FASGE
inSite Digestive Healthcare
Pasadena, CA

Dr. Littenberg established a solo private practice in Pasadena, CA in 1978 which grew gradually to a group of 4, working out of Huntington Memorial Hospital where he was President of the Medical Staff and won Best Teaching awards from the Medical Housestaff.

Largely in pursuit of answers to practice management problems, he became involved in coding, billing, regulatory and political advocacy efforts in the 1980s, schooling himself in health policy and health administration. This led to long-standing involvement in California and national internal medicine societies, leading to an 8-year term on the AMA CPT Editorial Panel and receipt of Master status with the American College of Physicians.

He has served on ASGE Committees (chaired Practice Management Committee 2008-2015, Reimbursement Committee 2015-current); is ASGE's CPT Advisor and was a course director for three years at the GI Outlook (GO) Practice Management Conference. He is a founding board member & Chief Medical Officer of inSite Digestive Healthcare, in which his group of 6 is now part of a state-wide group of 54, the largest independent GI group in California.
